

NORTH COUNTRY STEEL

Proudly 100% Australian-owned
and operated!

CORRUGATED WATER TANKS

Description:

North Country Steel manufacture a vast range of tanks in Traditional Round, Round Squat and Slimline profiles. Tanks are produced with quality Bluescope AQUAPLATE Steel.

Colour choices are available from the Colorbond Range, including colours such as: Surfmist, Paperbark, Pale Eucalypt, Windspray, Deep Ocean, Woodland Grey, Monument & Traditional Galvanised. There may be a longer lead time for some colours please confirm with our friendly staff.

Our Traditional corrugated Round Water Tanks remain a popular choice. Capacities range from 450 liters up to 22,500 liters. A Classic look and shape for cost effective water storage.

Our Slimline Water Tanks are a great alternative to maximize your water storage in small, narrow spaces. With capacities from 800 liters up to 5,000 liters. All our Slimline range have a fully engineered internal stainless steel bracing system providing maximum durability and strength.

Lined with a food grade polymer film, preventing water from never touching the steel keeping the water tasting clean and fresh!

Warranty:

NCS offers a 5-year Workmanship Warranty, and a 20-year Product Warranty is provided for the Bluescope AQUAPLATE® steel component. A long-lasting tank that you can rely on.

Inclusions:

North Country Steel Round Water Tanks come with;

- Inlet: Leaf Strainer
- 90mm or 100mm Overflow Fitting
- 25mm-50mm Threaded Tank Outlet

Additional fittings are available if required.

Locations of the fittings need to be specified for each tank.

Delivery & Installation:

NCS Driver will deliver as practically close & safely as possible to site.

NOTE: Customers are required to have their own manpower to assist with tank positioning. We ask that the tank preparation has been complete PRIOR to delivery.

NCS offer a tank base/pad information sheet if further information is required.

Tank Base Options:

NCS Tank Pad Options:

- Framed Galvanised Stand 200-400mm High
- Corrugated Raised Tank Ring 200mm High
- Pre-Cast & Poured Concrete Slabs

NOTE: All Tank Pad/ Base surfaces need to be Compact, Flat & Level to ensure safe placement of tank, and to maintain Tank Warranty & Longevity. All Tank Pad/ Bases must be large enough to support the tank entirely, and should extend at-least 100mm outside of all tank edges.
